A CONSPIRACY TO BETRAY THE PEOPLE.

The Republicans of California are not content with doing one thing—but the Sacramento *Record-Union* newspaper, the recognized organ of the Administration, and the Republican Central Committee, have both taken pains to let the Democratic party know that they intend to have it understood that the Democratic Convention, which met in San Francisco on Wednesday, was called by the Democratic State Central Committee at the instance of the Republican Administration, and that the Democratic Convention was packed with Republican delegates, who were instructed to nominate a Democratic ticket which would be satisfactory to the Republican Administration, and that the Democratic Convention has done so.

The *Record-Union* says: "The Democratic Convention which met in San Francisco yesterday was called by the Democratic State Central Committee at the instance of the Republican Administration, and the ticket which it has nominated is satisfactory to the Administration." The Sacramento *Bee* says: "The Democratic Convention which met in San Francisco yesterday was called by the Democratic State Central Committee at the instance of the Republican Administration, and the ticket which it has nominated is satisfactory to the Administration." The San Francisco *Chronicle* says: "The Democratic Convention which met in San Francisco yesterday was called by the Democratic State Central Committee at the instance of the Republican Administration, and the ticket which it has nominated is satisfactory to the Administration."

The Republican Administration has a right to be satisfied with the ticket nominated by the Democratic Convention, for it is a ticket which will not disturb the Republican Administration in the enjoyment of the offices which it has filled with Republicans, and which it intends to continue to fill with Republicans.
